

HELP BUILD OUR FUTURE BY BEING A SPONSOR

LET'S WORK TOGETHER TO GROW OUR MISSION

OUR GOAL: \$350,000

OPEN TO THE YOUTH IN JUNE 2023

Our goal is to establish the inaugural campus where we will provide 14 high-potential youth experiencing foster care guidance, educational support, independent living skills, and college and career readiness, with plans to expand the model throughout Florida and the US. Our on-campus school will provide enrichment, remediation, differentiation, college and career readiness and independent living skills based on the needs of each child.

WHAT DOES YOUR IMPACT GO TOWARDS?

- Building purchase
- Onsite education program and learning supplies
- Vehicle purchase
- Home furnishings
- Operating costs for the first 6 months

OUR "WHY"

Despite advances in the equitable delivery of gifted and talented education for all students, children experiencing the foster care system continued to be left out. Xavier House seeks to fill this gap with innovations in identification and placement options. When high-ability children are given the right combination of understanding supports and services, they can defy expectations.
